

**TO WHOM IT MAY CONCERN****Subject: MV System for IFFCO Project in Yanbu KSA**

We the undersigned, INCO GROUP, hereby confirm that KC Engineering and Industry has carried out the supply, installation, testing and commissioning (along with the design and relay settings) of the MV system including the SEC approved MV Metal Clad 13.8 KV switchgears and the relevant redundant DC system.

KC has proven to be a serious, reliable, and technically competent company.

Throughout the execution of the above mentioned scope with us, KC has accomplished their works in due time and to our client's full satisfaction, and up to professional standards and requirements.

Sincerely Yours,

  
Cengiz Guzel
